ABOUT US

Darin Blue

Kevin Blue

Country Rebel is a leading media company and social influencer in the country music and country lifestyle entertainment industry.

Founded by the “Blues Brothers” Kevin and Darin Blue, the Country Rebel brand has separated itself from the pack as a go-to source for country fans worldwide.

Country Rebel’s voice and platform is championed by both artists and their fans. Entertaining millions of followers daily with its news, editorials and videos.

Since its inception in 2014 as a clothing brand, the company has uniquely evolved into a media, acoustic production and military licensing partner.

Today it is the most socially relevant platform to advertise on reaching over 27 million unique country fans monthly across several niche country brands and websites.

MAKING AN IMPACT

To Darin, Kevin + The Whole Country Rebel Team.

Thank you, thank you, thank you!!! It's been a pleasure getting to know your whole team over the last few months. We endlessly appreciate all the support you were able to give around the CMT awards... such great stuff! Thank you for supporting Keith Urban and helping us get Clayton's name out there too, we're grateful to have y'all as partners!

– Sarah, Lucia + The Borman Team

Kevin & Darin, if I had known how much of an impact you were going to make on my life when I recorded the record I'd put you at the very top of the "thank yous"... Music is my life and y'all are such a big part of it. I could sit here and write all day and you would think I'm crazy because that's how thankful I am. Bottom line is I want you to know I'm happy to be a part of the family. – Tyler Booth

Can you believe how this all happened and how much fun we've had? What Country Rebel has done for me is indescribable! Thanks for every video, every idea, the Instagram training, the amazing ideas + mostly believing I could do it and believing in my music! ... I love our team + I love you guys! – Karen Waldrup
